

Explanation

line 18: partially executed: i==argc-1

TRUE	FALSE
yes Execution Count: 1 Executed by: •Test Suite/1 param	no Execution Count: 0

line 18: partially executed: argc>2

TRUE	FALSE
no Execution Count: 0	yes Execution Count: 1 Executed by: •Test Suite/1 param

line 20: executed: i>1

TRUE	FALSE
Not Instrumented	yes Execution Count: 1 Executed by: •Test Suite/1 param

line 21: manually set to be executed: message += "," ;
Execution Count: 0

dead code (cannot be executed)

line 19: never executed: message += " and "
